I am a Full-Stack React developer, reinventing the way we interact with technology through unique design solutions & interactive experiences.

Education

Computer Engineering Tech << Algoquin College
Attended a semester at Algonquin College in Computer Enginnering Technology in 2021

2021 |

Web Developper & Python << Codecademy
Completed the Web Dev and Python courses at Codecademy in 2019.

2016 | CURRENT

High School Diploma << Gloucester HS
Graduated from Gloucester Highschool with two honour roll certificates and an overall GPA of (3.6).

2016 | CURRENT

Experience

Line Cook << Montana's BBQ and Grill
Working as a line cook to prepare full meals in a high stress environment along with opening and closing the restaurant alone.

2019 | CURRENT

Line Cook << Swiss Chalet
Working as a line cook to prepare full meals in a high stress environment along with opening and closing the restaurant alone.

2018 | 2019

Back of House << Mcdonalds
Working on the line, in a very busy and high stress environment. Working here allowed me to develop good multi-tasking abilities, and made me very quick at learning.

2017 | 2019
